molho de ferrugem."[107] From her and from the *mucama* (maid), as much as, if not more than, from his father and mother, the white child learned to speak. And almost without exception, he was given a *muleque companheiro de brinquedo*, a little Negro slave of his own age and sex, to be his playmate and his almost constant companion.[108] José Verissimo says that during slavery there was "no house which did not have one or more *muleques*, one or more *corumins*, little victims consecrated to the caprices of *nhônhô*:[109] his horse, his *leva-pancada*, his servant, his companion, his friend."[110] In 1821 Mathison saw on an estate near Rio "a number of fine Negro children playing in front of the house, and in the midst of them a younger brother of the proprietor, a lad about fourteen years of age, who had been brought up in this manner . . . . like the Negroes."[111] Freyre has suggested that "very likely many a Brazilian child took for his first hero, not a white physician, nor a navy official or a lawyer, but a slave acrobat who knew how to execute the difficult pirouettes of the impromptu circuses and of the *bumbas meu bois*"[112] of the *engenhos;* or a Negro player of the trombone or the flute."[113] Under these conditions it is not surprising that

[112] The *bumba meu boi* is still to be seen in the Bahian interior. It is a folk drama in which a man dressed to represent an ox plays a prominent role (see Arthur Ramos, *O negro brasileiro* [Rio, 1934], pp. 259–68; see also his *O folk-lore negro do Brasil* [Rio, 1935], pp. 103–14).
